THE PERFECT SHOW FOR SCHOOLS AND AMDRAMS

A fun-filled two-act musical adaptation relating the fall and rise of the impulsive Mr. Toad through a series of daring adventures. The invaluable support of his riverside chums helps to bring about a joyous conclusion.

This delightful show is ideal for schools and amdrams and features 15 wonderful, catchy songs which are easy to learn and memorable to listen to. Your principals will revel in playing classic roles such as Toad, Mole, Rat, Badger and the Chief Weasel.

A CAST OF THOUSANDS (OR JUST EIGHT...)

The Adventures of Mr Toad is highly adaptable and you can perform it with as few as eight players (plus chorus). It also works well if you have a 'cast of thousands' – there is no limit to the size of the Choruses of Animals and Weasels and doubling of the main characters is not necessary.
